Dear Carolyne

Re: Childcare Register Inspection

Following your recent inspection on 17th September, I am pleased to confirm your childminder provision complies with all the requirements of the Childcare and Voluntary parts of the General Childcare Register.

You have also met the requirements for providing out of school term time for school aged early years children in full-time education.

The outcome of the compliance check is Met.

This letter is published on our website, www.athomechildcare.co.uk

You are required to provide a copy of the inspection letter to the parents of every registered child in your setting or to display it on your noticeboard for their attention within 5 working days.

Thank you for making the inspecting member of staff feel welcome at your childminding setting.

Kind regards

Yvette Oliver-Mighten
Chief Executive
